Your local Notch Above guide will greet you with smiles early this morning, as you board the coach and make your way through the Green Mountains toward Stowe. Along the route the guide will point out unique geographic formations and entertain you with Vermont's best known and least known tales of yore.

Your first stop is the Cold Hollow Cider Mill, famous for their fresh-baked cider donuts and fresh-pressed apple cider. Samples of Vermont-made specialty food products are aplenty as are selections of Vermont gifts and wines.

Next, visit "A Special Place" a quaint retail conglomerate featuring Lake Champlain Chocolates, Cabot Cheese, Snowfarm Wines and Danforth Pewter.

As you head toward Stowe, you'll pass through Moscow on your way to the renowned Trapp Family Lodge. (This is not a detour-Moscow is one of Vermont's charming little villages that dot the countryside.) The alpine style architecture, exquisite gardens and panoramas will amaze you.

Winding down the mountain, you'll land in Stowe Village for a stroll through the quaint shops and galleries and a photo op at the village's signature white steeple. Enjoy lunch or a snack on your own, but save room for dessert.

Just before you get back on Interstate 89 to return to the Expo Center, you'll stop at the Ben and Jerry's Ice Cream factory for a scoop of Vermont's Finest and a perfectly sweet ending to your day in Stowe.

Your package includes:

- Visits to attractions described above as included
- Scoop of ice cream at Ben and Jerry's
- Professional services of a Notch Above Tour Manager
- Round trip transportation on a luxury 36-passenger motor coach
- Per person: 41.00
